Application

This unit describes the skills and knowledge required to develop an understanding of the processing of offal in abattoirs, the uses of offal and the hygiene, Quality Assurance (QA) and workplace health and safety requirements for offal processing areas.

This unit is applicable to workers employed in meat processing plants where offal is recovered, washed, trimmed and packed.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.
