AMPA2103 Further process tripe

Release: 1

AMPA2103 Further process tripe

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required for the further processing of tripe, including scalding and bleaching.

This unit is applicable to workers in a tripe room of an abattoir.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations

Pre-requisite Unit

Nil.

Unit Sector
