**Release: 1**

# Assessment Requirements for AMPA2104 Trim processed tripe

## Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

## Performance Evidence

The candidate must inspect and trim processed tripe to customer specifications and workplace requirements.

The candidate must:

- inspect tripe and trim defects according to workplace, health and safety, hygiene and sanitation requirements
- identify defects in tripe
- dispose of waste into correct bins according to workplace requirements
- apply relevant regulatory requirements
- use communication skills relevant to work instructions

## Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- impact of inadequately trimmed product being packed
- steps in tripe processing
- work instructions for inspecting and trimming processed tripe
- tripe trim specifications
- relevant regulatory requirements

## Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time.

Assessors must satisfy the current standards for RTOs.
