Assessment Requirements for AMPA2173 Overview cleaning program

Release: 1

Assessment Requirements for AMPA2173 Overview cleaning program

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must explain cleaning programs that are carried out in the workplace.

The candidate must:

- identify and follow a cleaning schedule
- correctly use cleaning chemicals for the work site and conditions
- correctly transfer waste materials to workplace requirements
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- steps in a cleaning program
- workplace health and safety requirements for cleaning with chemicals
- common hazards and the importance of maintaining a sanitary work environment
- importance of correct waste disposal
- importance of cleaning the whole work area when product has been removed
- importance of following a cleaning schedule
- purpose and action of detergents and sanitisers
- workplace requirements relevant to cleaning
- equipment used to transfer waste
- factors inhibiting achieving adequate standards of cleanliness
- waste materials for transfer and explain waste transfer requirements and conditions
- housekeeping tasks to be completed according to workplace procedures

Assessment Conditions

Assessment must occur in the workplace for established cleaning programs.

Competency must be demonstrated for specific plant cleaning programs.

As a minimum, three different forms of assessment must be used.

Assessors must satisfy the current standards for RTOs.
