**Release: 1**

## AMPA3006 Seal weasand

### Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

### Application

This unit describes the skills and knowledge required to seal the weasand.

This unit is applicable to workers in abattoirs and knackeries.

All work should be carried out to comply with workplace procedures, customer requirements and product specifications.

This unit applies to individuals who work under broad direction and take responsibility for their own work including limited responsibility for the work of others. They provide and communicate solutions to a range of predictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

### Pre-requisite Unit

AMPX209 Sharpen knives

### Unit Sector

### Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare equipment and materials	1.1 Arrange equipment and supplies of materials in preparation for the procedure according to workplace standards. 1.2 Clean equipment and materials to workplace requirements. 1.3 Assemble adequate stores of consumables prior to commencement of work.

<b>Element</b>	<b>Performance criteria</b>
2. Seal weasand	2.1 Accurately locate weasand. 2.2 Seal weasand in accordance with workplace requirements. 2.3 Identify sources of contamination and cross-contamination and minimise contamination. 2.4 Identify and meet workplace health and safety requirements.
