Assessment Requirements for AMPA3012 Make first leg opening cuts

Release: 1

Assessment Requirements for AMPA3012 Make first leg opening cuts

Modification History

| Release | TP Version | Comment |
|---------|------------|-----------------|
| 1 | AMPv2.0 | Initial release |

Performance Evidence

The candidate must perform first leg opening cuts and to remove udders, pizzles and testicles of cattle, buffalo, deer, camels or horses.

The candidate must:

- cut the leg so that all cuts through the hide are directed outwards (spear cut)
- complete first leg opening cuts in accordance with work instructions
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- apply relevant regulatory and workplace requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- methods used to achieve a hide with good shape and consistency
- equipment sterilisation requirements
- consequences of cutting the hide muscle structure and surfaces
- relevant workplace health and safety requirements
- sources of contamination and cross-contamination
- relevant anatomy of the species processed

Assessment Conditions

Assessment must be conducted on a slaughter floor or processing floor of a registered meat processing enterprise.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
