Assessment Requirements for AMPA3024 Perform flanking cuts

Release: 2

Assessment Requirements for AMPA3024 Perform flanking cuts

Modification History

Release	TP Version	Comment
2	AMP v2.1	New release to correct prerequisite requirements
1	AMP v2.0	Initial release

Performance Evidence

The candidate must split and clear the hide or pelt from the flank area of a carcass.

The candidate must:

- flank carcass in accordance with work instructions
- demonstrate correct cutting lines for flanking
- use effective knife skills
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- comply with workplace health and safety and regulatory requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- economic impact of nicked, soiled or damaged pelt and scored meat during flanking operation
- flanking work instructions
- workplace health and safety and regulatory requirements
- potential sources of contamination and cross-contamination
- procedures for maintenance, cleaning and sterilisation of knives

Assessment Conditions

Assessment must be conducted in an operating processing plant.

Competency must be demonstrated at the normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
