**Release: 1**

# Assessment Requirements for AMPA3028 Perform midline cuts

## Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

## Performance Evidence

The candidate must perform midline cuts to open and release the hide or pelt from the belly area of a carcase.

The candidate must:

- locate and demonstrate correct cutting lines and techniques for midline cuts
- separate hides or pelts from belly area according to the work instruction
- avoid damage to the hide or pelt and meat
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)

## Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- correct cutting lines and techniques for midline cuts
- relevant work instructions
- workplace health and safety requirements
- causes of damaged hides or pelts and meat cuts
- relevant regulatory requirements
- sources of contamination and cross-contamination
- consequence for the business of damaged or contaminated hides, pelts or meat cuts

## Assessment Conditions

Assessment must be performed in an operating processing plant.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
