Assessment Requirements for AMPA3042 Backdown pig carcasse

Release: 1

Assessment Requirements for AMPA3042 Backdown pig carcass

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must do the preparatory knife work marking a pig carcass prior to splitting.

The candidate must:

- backdown a pig carcass to workplace requirements and at the speed of production
- identify and minimise contamination risks
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- purpose of backing down
- relevant regulatory requirements
- potential sources of contamination and cross-contamination

Assessment Conditions

Assessment must be conducted in an operating processing plant.

Competency must be demonstrated in the workplace at normal production speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
