**Release: 1**

# AMPA3045 Drop sock and pull shoulder pelt

## Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

## Application

This unit describes the skills and knowledge required to perform the opening cut drop sock and pull shoulder pelt on sheep and goats.

This unit is applicable to the slaughter floor task involving the freeing of the pelt from the forequarter of sheep or goats.

All work should be carried out to comply with workplace procedures, customer requirements and product specifications.

This unit applies to individuals who work under broad direction and take responsibility for their own work including limited responsibility for the work of others. They provide and communicate solutions to a range of predictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

## Pre-requisite Unit

AMPX209 Sharpen knives

## Unit Sector
