# AMPA3047 Prepare and present viscera for inspection

## Modification History

| Release | TP Version | Comment         |
|---------|------------|-----------------|
| 1       | AMPv2.0    | Initial release |

## Application

This unit describes the skills and knowledge required to prepare and present offal (viscera) to a government authorised meat safety officer for inspection.

This unit is applicable to abattoirs and game processing plants.

All work should be carried out to comply with workplace procedures, customer requirements and product specifications.

This unit applies to individuals who work under broad direction and take responsibility for their own work including limited responsibility for the work of others. They provide and communicate solutions to a range of predictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

## Pre-requisite Unit

AMPX209 Sharpen knives

## Unit Sector

## Elements and Performance Criteria

| Element  | Performance criteria   |
|--|--|
| Elements describe the essential outcomes.            | Performance criteria describe the performance needed to demonstrate achievement of the element.  |
| 1. Prepare offal and internal tissues for inspection | 1.1 Identify offal and internal tissue to be inspected<br>1.2 Separate hearts and lungs for inspection according to workplace requirements<br>1.3 Identify and minimise sources of potential contamination and |

| Element   | Performance criteria  |
|---|---|
|   | cross-contamination<br>1.4 Handle offal and internal tissue without causing damage and/or contamination   |
