Release: 1

AMPA3068 Prepare and despatch meat products

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to assemble the product for despatch, supervise the preparation of the order, manage preparation of documentation and ensure regulatory requirements are met.

This unit is appropriate for all sectors of the meat industry where product is despatched.

All work should be carried out to comply with workplace procedures, customer requirements and product specifications.

This unit applies to individuals who work under broad direction and take responsibility for their own work including limited responsibility for the work of others. They provide and communicate solutions to a range of predictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Identify product required for meat product orders	1.1 Identify and label products in accordance with trade descriptions 1.2 Identify products in accordance with company requirements
