Assessment Requirements for AMPA3087 Operate tallow processing plant

Release: 1

Assessment Requirements for AMPA3087 Operate tallow processing plant

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must produce tallow from rendered meat product.

The candidate must:

- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- operate the tallow processing plant to workplace requirements
- apply relevant regulatory requirements
- comply with workplace health and safety requirements
- monitor quality of tallow
- monitor tallow processing
- identify production problems and out-of-specification product and take corrective action

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- basic principles of tallow processing
- workplace health and safety requirements associated with tallow processing plant
- Quality Assurance (QA) requirements associated with tallow processing plant
- relevant regulatory requirements

Assessment Conditions

Assessment must be conducted in a registered, operating meat rendering plant.

Competency must be demonstrated at the normal rate of production for that rendering plant.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
