AMPA3116 Supervise meat packing operation

Release: 1

AMPA3116 Supervise meat packing operation

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to oversee and supervise the packing of meat products in accordance with regulatory, workplace and customer requirements.

This unit is applicable for supervisors and team leaders on slaughter floors (where meat is packed), boning rooms, offal rooms, tripe rooms, pet food premises and food service operations.

All work should be carried out to comply with workplace procedures, customer requirements and product specifications.

This unit applies to individuals who work under broad direction and take responsibility for their own work including limited responsibility for the work of others. They provide and communicate solutions to a range of predictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Check and prepare packing area	1.1 Check packing area for hygiene and operational requirements prior to commencing work, in accordance with workplace and regulatory requirements
