**Release: 1**

# Assessment Requirements for AMPCOR403 Participate in workplace health and safety risk control process

## Modification History

Release	TP Version	Comment
1	AMPv1.0	Initial release

## Performance Evidence

Evidence must demonstrate the candidate's consistency of performance over time.

The candidate must:

- apply participative problem-solving techniques to identify and resolve workplace health and safety issues
- identify and apply extent of responsibility
- identify and apply relevant WHS and workplace requirements
- demonstrate safe work practices associated with work tasks
- identify WHS hazards in the workplace
- identify relevant hazard control equipment and explain function, safe operation, maintenance and storage requirements
- use facilitation skills to ensure participation from all group members
- use relevant communication skills

## Knowledge Evidence

The candidate must demonstrate a broad factual, technical and theoretical knowledge of:

- procedures for reporting hazards, accidents and incidents
- risk management principles
- process for developing and altering work procedures or SOPs
- current workplace health and safety legislative requirements

## Assessment Conditions

Assessment must include demonstration of on-the-job competency in the workplace.

Competency must be demonstrated while exercising an appropriate level of involvement in the risk control process. Assessment must include demonstration of competence in a meat establishment.

The following three forms of evidence must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy current standards for RTOs.
