AMPMGT513 Manage transportation of meat, meat products and meat by-products

Release: 1

AMP MGT513 Manage transportation of meat, meat products and meat by-products

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 6.0.

Application

This unit describes the skills and knowledge required to schedule and monitor the hygienic, safe and secure transportation of meat, meat products and meat by-products, for domestic or international markets. The efficient transportation of meat, meat products and meat by-products results in the satisfaction of customer requirements.

This unit applies to livestock buyers and coordinators, transport managers and finance managers operating in a meat industry context.

At this level, individuals exercise considerable responsibility and accountability within enterprise structures and are required to make primary contributions to the values, goals and operations of the enterprise. They will typically have responsibility for establishing and reviewing systems for their site or department. They may be assisted by external experts to develop plans and strategies.

This unit must be delivered in the context of Australian meat industry standards and regulations.

No licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Establish and implement transportation requirements	1.1 Identify and apply regulatory, customer and enterprise requirements for the hygienic, safe and timely transportation of meat, meat products and meat by-products 1.2 Assess and allocate resource requirements
2. Establish transportation policies and procedures	2.1 Develop systems and procedures for the operation of meat transport vehicles to ensure hygienic and safe transport of meat, meat products and meat by-products 2.2 Develop security procedures and systems 2.3 Establish and maintain reporting and recording procedures 2.4 Develop and monitor supplier quality requirements and standards 2.5 Inform and mentor personnel and contractors of their obligations and responsibilities and workplace health and safety requirements
3. Manage transportation logistics	3.1 Analyse and select transport options 3.2 Prepare and negotiate contracts and schedules according to customer and production requirements 3.3 Complete documentation according to enterprise, customer and regulatory requirements 3.4 Check vehicles are maintained according to hygienic requirements 3.5 Operate storage facilities according to enterprise and regulatory requirements 3.6 Track and monitor consignments using available communication and information technology systems
4. Determine and manage transportation costs	4.1 Calculate cost of storage and transport 4.2 Prepare and monitor transport budget 4.3 Review procedures for cost savings
5. Manage contingencies	5.1 Develop contingency plans according to enterprise requirements 5.2 Assess Threat Assessment and Critical Control Point (TACCP) and Vulnerability Assessment and Critical Control Point (VACCP) vulnerabilities 5.3 Analyse changing circumstances, and prioritise and clarify responses 5.4 Communicate impacts of changed schedules to all relevant parties

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
6. Review transportation processes	6.1 Monitor and review resources, procedures and schedules for effectiveness and efficiency 6.2 Include customer feedback and requirements in review of transportation procedures and schedules 6.3 Involve team in continuous improvement processes
7. Establish effective communication with customers	7.1 Determine customer requirements 7.2 Resolve customer complaints promptly 7.3 Confirm communication strategies are inclusive of the cultural, ethnic and social diversity of individuals and groups
8. Produce reports	8.1 Complete required reports on meat transportation according to legal and enterprise requirements 8.2 Submit reports according to regulatory and enterprise requirements

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

Code and title current version	Code and title previous version	Comments	Equivalence status
