Release: 1

AMPWHS301 Contribute to workplace health and safety processes

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 8.0.

Application

This unit of competency describes the skills and knowledge required to support the implementation of health and safety policies and procedures and contribute to implementing risk control measures and safety practices within a workplace.

The unit applies to skilled workers with responsibility for maintaining a safe work environment and contributing to workplace practices in abattoirs, boning rooms, knackerries, game processing premises, smallgoods premises, food services operations, wholesalers and retailers. In this role, workers have limited responsibility for ensuring members of the work group are implementing safe work practices.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety, food and meat safety regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Work Health and Safety (WHS)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Plan to work safely	1.1 Plan work according to relevant legislation, standards, codes of

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
	practice and safe work procedures 1.2 Identify hazards as part of preparation for work 1.3 Control risks associated with hazards prior to starting work, including using personal protective clothing and equipment 1.4 Report inadequacies in control measures according to workplace procedures 1.5 Report incidents and injuries according to workplace procedures
2. Support safe work practices in work area	2.1 Check implementation of safe work procedures in own work area 2.2 Share information on safe work practices and safety issues in the workplace with members of the work group 2.3 Check the health and safety practices of less experienced members of the work group, and provide support as required to ensure safe work practices are followed 2.4 Support members of the work group to accurately record incidents and complete associated workplace documentation according to workplace procedures
