Assessment Requirements for AMPX203 Operate scales and semi-automatic labelling machinery

Assessment Requirements for AMPX203 Operate scales and semi-automatic labelling machinery

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must:

- perform pre-start checks and routine maintenance as specified in work instructions
- monitor operation of equipment
- weigh and label meat product cartons in accordance with workplace and regulatory requirements
- check carton contents against labelling
- apply relevant communication and mathematical skills

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- workplace health and safety requirements related to labelling
- regulatory requirements with regard to labelling
- consequences of incorrect labelling
- monitoring of consumables
- purpose of labelling information

Assessment Conditions

Competency must be demonstrated under normal rate of production.

Assessment must be conducted in a registered meat processing plant.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
