# **AUMGTD001 Perform wheel alignment operations**

**Release: 2**

## AUMGTD001 Perform wheel alignment operations

### Modification History

Release	Comment
Release 1	Unit updated to reflect the new standards for Training Packages Replaces AUMGTD3001 Perform wheel alignment operations
Release 2	Updated for clarity and policy adherence

### Application

This unit describes the performance outcomes required to perform wheel alignments and adjustments.

It applies to those in an automotive industry and involves the application of skills and knowledge at a specialist level.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Technical - Steering and Suspension

### Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for the job	1.1 Identify wheel alignment specification and adjustment procedures to determine alignment process 1.2 Complete wheel alignment pre-checks according to vehicle manufacturer specifications and workplace procedures
2. Align wheels	2.1 Select wheel alignment measuring tools and equipment and connect to the vehicle according to workplace procedures 2.2 Access and interpret information on wheel alignment equipment from manufacturer specifications 2.3 Align wheels using alignment procedures that comply with manufacturer specifications and workplace procedures

Elements	Performance Criteria
	2.4 Adjust aligned wheels according to vehicle manufacturer specifications
3. Complete work processes	3.1 Clean and maintain wheel alignment tools, equipment and work area, inspecting for faults according to workplace procedures 3.2 Identify, tag and report faulty equipment 3.3 Record pre- and post-wheel alignment measurements, and complete workplace forms according to workplace procedures

## Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance.

Skills	Description
Learning skills to:	<ul style="list-style-type: none"> <li>understand wheel alignment principles.</li> </ul>
Reading skills to:	<ul style="list-style-type: none"> <li>interpret wheel alignment specifications and operating procedures for alignment tools and equipment.</li> </ul>
Writing skills to:	<ul style="list-style-type: none"> <li>complete faulty equipment tags</li> <li>legibly record wheel alignment results.</li> </ul>
Oral communication skills to:	<ul style="list-style-type: none"> <li>refer tool, equipment and machinery faults to appropriate personnel</li> <li>speak clearly and directly to inform co-workers of wheel alignment results.</li> </ul>
Numeracy skills to:	<ul style="list-style-type: none"> <li>measure alignment angles to determine compliance with specifications</li> <li>understand imperial and metric systems</li> <li>read measuring equipment.</li> </ul>
Planning and organising skills to:	<ul style="list-style-type: none"> <li>identify and prepare wheel alignment equipment and work area.</li> </ul>
