**Release: 1**

## AURBCA001 Work in a retail bicycle environment

### Modification History

Release	Comment
Release 1	New unit of competency.

### Application

This unit describes the performance outcomes required to work in a bicycle retail environment. It involves determining own career goals, developing bicycle industry knowledge, maintaining tools, equipment and own work space, and completing workplace processes and documentation.

It applies to those working in the bicycle retail, service and repair industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

### Competency Field

Bicycle

### Unit Sector

Sales and Marketing

### Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold and italicised text is used, further information is detailed in the range of conditions section.
1. Prepare to work in a retail bicycle environment	1.1 Job requirements are determined from workplace instructions 1.2 Workplace information relating to own job role is sourced and interpreted 1.3 Workplace and team practices, expectations and lines of communication relevant to own job role are determined
