AURBTV001 Remove, refit and adjust bicycle accessories

Release: 1

AURBTV001 Remove, refit and adjust bicycle accessories

Modification History

Release	Comment
Release 1	New unit of competency.

Application

This unit describes the performance outcomes required to remove, refit and adjust electrical and non-electrical bicycle accessories. It involves preparing for the work, selecting and using specialist tools and equipment, inspecting, removing and replacing bicycle accessories according to fitting instructions and manufacturer specifications, and completing workplace processes and documentation.

It applies to those working in the bicycle retail, service and repair industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Competency Field

Bicycle

Unit Sector

Technical - Accessories
