AURHTJ103 Remove, inspect and refit heavy vehicle wheel and tyre assemblies

Release: 1

AURHTJ103 Remove, inspect and refit heavy vehicle wheel and tyre assemblies

Modification History

Release	Comments
Release 1	This version first released with AUR Automotive Retail, Service and Repair Training Package Version 6.0

Application

This unit describes the skills and knowledge required to remove, inspect and refit the wheel and tyre assemblies of heavy vehicles. It involves identifying and confirming job requirements; preparing for the task; removing, inspecting and refitting the wheel and tyre assembly; and completing workplace processes and documentation.

The unit applies to those who work in the automotive service and repair industry. The wheel and tyre assemblies include those of agricultural machinery, forklifts, heavy commercial vehicles or mobile plant machinery. This unit does not apply to off-the-road tyres of mobile plant machinery, motorcycle or light vehicle wheel assemblies.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Unit Sector

Mechanical – Heavy Vehicle Technical – Wheels and Tyres

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare to remove wheel and tyre assembly	1.1 Identify job requirements from workplace instructions 1.2 Identify required information for wheel and tyre removal, inspection and re-fitting activity 1.3 Identify hazards and environmental issues, assess potential risks and implement control measures in line with workplace policies and procedures 1.4 Identify tools, equipment and materials required for the job and establish serviceability according to workplace

ELEMENT	PERFORMANCE CRITERIA
	procedures
2. Remove and inspect wheel and tyre assembly	<p>2.1 Remove wheel and tyre assembly according to manufacturer specifications, workplace procedures and workplace health and safety and environmental requirements</p> <p>2.2 Inspect wheel and tyre assembly, mounting points and fittings according to manufacturer specifications and workplace procedures</p> <p>2.3 Report inspection findings and make recommendations for necessary repairs according to workplace procedures</p>
3. Refit wheel and tyre assembly	<p>3.1 Identify required information for refitting activity</p> <p>3.2 Re-fit and adjust wheel and tyre assembly according to manufacturer specifications, workplace procedures and workplace health and safety requirements</p> <p>3.3 Complete tightening sequence and torque settings according to manufacturer specifications and workplace procedures</p> <p>3.4 Check wheel assembly for correct assembly and run-out according to manufacturer specifications and workplace procedures</p>
4. Complete work processes	<p>4.1 Conduct final inspection according to workplace procedures and confirm vehicle is ready for use</p> <p>4.2 Clear work area and dispose of or recycle materials according to workplace procedures</p> <p>4.3 Complete documentation according to workplace procedures</p>

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

SKILL	DESCRIPTION
Learning	<ul style="list-style-type: none">Locates required sources of information efficiently
Reading	<ul style="list-style-type: none">Interprets information from manufacturer and workshop literature when seeking wheel and tyre specifications, including tightening procedures
Numeracy	<ul style="list-style-type: none">Interprets numerical information in:<ul style="list-style-type: none">manufacturer specifications, including wheel nut tension settingsdemountable rim assembly documentation

SKILL	DESCRIPTION
	<ul style="list-style-type: none">• tyres• disc wheels• tyre inflation gauges• Understands numerical divisions in metric and imperial units of measurement
Technology	<ul style="list-style-type: none">• Operates specialised tools and equipment

Unit Mapping Information

Supersedes and is equivalent to AURHTJ003 Remove, inspect, and refit heavy vehicle wheel assemblies.
