**Release: 1**

# AURMSA001 Follow motor sport safety and risk management procedures

## Modification History

| Release   | Comment                 |
|-----------|-------------------------|
| Release 1 | New unit of competency. |

## Application

This unit describes the performance outcomes required to apply safety and risk management procedures in a motor sport environment, including officiating, supporting and volunteer roles. It requires some judgement and decision making skills.

It applies to those working in the motor sport industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

## Competency Field

Motor Sport

## Unit Sector

Health and Safety

## Elements and Performance Criteria

| Elements                                                                   | Performance Criteria                                                                                                                                                                                                                                                                  |
|----------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Elements describe the essential outcomes.                                  | Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold and italicised text is used, further information is detailed in the range of conditions section.                                                                           |
| 1. Identify safety and risk management procedures of motor sport workplace | 1.1 Motor sport event safe work practices are identified<br>1.2 Appropriate personnel for reporting queries and concerns about safety in the workplace are identified<br>1.3 Workplace procedures and documentation for identifying, controlling and reporting hazards are identified |

| <b>Elements</b>                                                         | <b>Performance Criteria</b>                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Elements describe the essential outcomes.                               | Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold and italicised text is used, further information is detailed in the range of conditions section.                                                                                                                                                                                                                                                         |
| 2. Follow safety and risk management procedures during motor sport work | 2.1 Activities are conducted using safe operating practices according to workplace safety requirements<br>2.2 Existing and potential hazards in the workplace are identified and reported to appropriate personnel<br>2.3 Workplace procedures and instructions for controlling hazards are implemented within limits of own authority<br>2.4 Incidents are reported according to workplace procedures                                                              |
| 3. Respond to emergency situations in a motor sport workplace           | 3.1 Emergency procedures and responsibilities of self and co-workers in the event of an emergency are identified<br>3.2 Emergency situations are identified and appropriate personnel promptly notified<br>3.3 Emergency procedures, including evacuation procedures, are followed <b><i>within limits of own authority</i></b><br>3.4 Emergency incidents and responses are reported accurately as required and according to workplace procedures and requirements |

## Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance and are not explicit in the performance criteria.

| <b>Skills</b>                 | <b>Description</b>                                                                                                                                                                                                                                                                                  |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reading skills to:            | <ul style="list-style-type: none"> <li>interpret workplace and safety procedures that support safe work practices.</li> </ul>                                                                                                                                                                       |
| Writing skills to:            | <ul style="list-style-type: none"> <li>legibly and accurately complete incident and accident reports, and workplace hazard and risk assessment forms.</li> </ul>                                                                                                                                    |
| Oral communication skills to: | <ul style="list-style-type: none"> <li>give clear, sequenced information to appropriate personnel when reporting hazards, incidents and workplace emergencies</li> <li>request backup support or further instructions when personal limitations in an incident or emergency are reached.</li> </ul> |

## Range of Conditions

This section specifies work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included. Bold italicised wording, if used in the performance criteria, is detailed below.

|                                                                                 |                                                                                                                                                                                                             |
|---------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><i>Within limits of own authority</i></b> must include one of the following: | <ul style="list-style-type: none"><li>• identifying personal limitations</li><li>• advising team members of emergency</li><li>• seeking backup support</li><li>• requesting further instructions.</li></ul> |
|---------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Unit Mapping Information

Equivalent to AURMSA2001 Follow motorsport safety and risk management procedures
