Assessment Requirements for AURVTN005 Remove and replace adhesive attached components on vehicles

Release: 1

Assessment Requirements for AURVTN005 Remove and replace adhesive attached components on vehicles

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standard defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- remove and replace three of the following adhesive attached components on vehicles:
 - protector mouldings
 - badges
 - transfers
 - decals.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to removing and replacing adhesive attached components on vehicles, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - using manual handling and storage techniques
 - using tools and equipment
 - handling and storing adhesives
- environmental requirements, including procedures for trapping, storing and disposing of waste materials
- methods and techniques for removing different types of adhesive attached components, including suitable removal methods and tools
- methods and techniques for replacing different types of adhesive attached components, including:
 - fastening methods: adhesive and mechanical methods

- types and application of adhesives
- procedures for final inspection of replaced adhesive attached components.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the adhesive attached components they have removed and replaced on vehicles, e.g. repair orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- workplace instructions
- vehicles requiring removal and replacement of adhesive attached components
- protector mouldings, transfers, badges and decals to be removed and replaced
- tools, equipment and materials appropriate for removing and replacing adhesive attached components, including:
 - adhesive tape
 - required PPE.
