# Assessment Requirements for AURVTN135 Apply original equipment manufacturer repair procedures during vehicle repairs

## Modification History

Release	Comments
Release 1	This version first released with AUR Automotive Retail, Service and Repair Training Package Version 6.0

## Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- apply original equipment manufacturer (OEM) or authorised agency repair procedures to at least three different damaged vehicles.

## Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- methods to locate and interpret information required to apply OEM manufacturer repair procedures during vehicle repairs, including:
  - OEM or authorised agency's vehicle specifications and repair procedures, including compliance requirements
- workplace procedures required to apply OEM manufacturer repair procedures during vehicle repairs including:
  - procedures for protecting vehicle and components
  - procedures for final inspection of OEM repair procedures
  - establishing the serviceability of tools and equipment
  - documentation procedures
  - housekeeping procedures including:
    - examination of tools and equipment
    - storage of equipment
    - identification, tagging and isolation of faulty equipment
    - disposal of excess materials
    - recycling procedures
- workplace health and safety (WHS) requirements relating to applying OEM repair procedures during vehicle repairs, including procedures for:
  - selecting and using personal protective equipment (PPE)

- manually handling vehicle components
- using tools and equipment
- environmental requirements, including procedures for trapping, storing and disposing of waste materials.

## Assessment Conditions

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the OEM or authorised agency repair procedures they have applied when repairing a vehicle, e.g. work orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- workplace instructions
- OEM or authorised agency repair procedures
- vehicle specifications
- three different damaged vehicles
- PPE requirements
- internet access
- tools, equipment and materials appropriate for applying OEM repair procedures during vehicle repairs.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
