Assessment Requirements for AURVTP002 Mask vehicle panels and components

Release: 1

Assessment Requirements for AURVTP002 Mask vehicle panels and components

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standard defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- mask the following vehicle panels:
 - complete vehicle front end
 - complete vehicle rear end
 - complete vehicle side
- during above work, mask the following components in situ:
 - doors
 - mud guards
 - boot lid
 - bonnet
 - plastic components
 - glass sections.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to masking vehicle panels and components, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - using tools and equipment
- environmental requirements, including procedures for trapping, storing and disposing of waste materials
- types and use of masking materials, including:

- polyvinyl chloride (PVC)
- door aperture and trim masking tapes
- masking papers, mediums and templates
- masking methods and techniques to reproduce original equipment manufacturer (OEM) paint aesthetics and finish, including operation of masking equipment
- procedures for protecting vehicle and components when masking vehicle panels
- procedures for final inspection of vehicle masking requirements.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of task.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the masking work they have carried out on vehicles, e.g. repair orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- workplace instructions
- PPE for masking processes
- masking materials
- vehicle parts specified in the performance evidence requiring masking
- tools, equipment and materials appropriate for masking vehicle panels and components.
