**Release: 1**

# AURVTP005 Apply rust prevention and sound deadening materials to vehicle body components

## Modification History

| Release   | Comment                 |
|-----------|-------------------------|
| Release 1 | New unit of competency. |

## Application

This unit describes the performance outcomes required to apply rust prevention and sound deadening materials to vehicle body components. It involves preparing for the task, selecting and using specialist application tools and equipment, selecting and applying materials according to manufacturer specifications and safety data instructions, and completing workplace processes and documentation.

It applies to those working in the automotive paint refinishing repair industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

## Competency Field

Vehicle Body

## Unit Sector

Technical - Paint

## Elements and Performance Criteria

| Elements                                                          | Performance Criteria                                                                                                                                                                                                                                                              |

| 3. Apply materials                        | <p>3.1 Vehicle components requiring the application of rust prevention and sound deadening materials are identified and prepared</p> <p>3.2 Materials are applied according to manufacturer specifications and recommended <b><i>application methods</i></b></p> <p>3.3 Special treatments or materials are dried using approved methods and equipment</p>                                                                                                             |
| 4. Complete work processes                | <p>4.1 Final inspection is made to ensure work meets workplace expectations and vehicle components are presented ready for use</p> <p>4.2 Work area is cleaned, waste and non-recyclable materials are disposed of, and recyclable material is collected and stored</p> <p>4.3 Tools and equipment are checked, reported if faulty, and stored according to workplace procedures</p> <p>4.4 Workplace documentation is processed according to workplace procedures</p> |

## Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance and are not explicit in the performance criteria.

| <b>Skills</b>                 | <b>Description</b>                                                                                                                             |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Learning skills to:           | <ul style="list-style-type: none"> <li>locate appropriate sources of information efficiently.</li> </ul>                                       |
| Writing skills to:            | <ul style="list-style-type: none"> <li>legibly and accurately fill out workplace documentation.</li> </ul>                                     |
| Oral communication skills to: | <ul style="list-style-type: none"> <li>clarify instructions and procedures</li> <li>clearly report quality issues and job outcomes.</li> </ul> |

| Skills                             | Description                                                                                                                                                                                                                      |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Numeracy skills to:                | <ul style="list-style-type: none"> <li>use basic mathematical operations, including addition, subtraction, multiplication and division to, calculate surface area and material quantity</li> <li>use measuring tapes.</li> </ul> |
| Planning and organising skills to: | <ul style="list-style-type: none"> <li>plan own work requirements and prioritise actions to achieve required outcomes and ensure tasks are completed within workplace timeframes.</li> </ul>                                     |
| Technology skills to:              | <ul style="list-style-type: none"> <li>use specialist rust prevention and sound deadening tools and equipment.</li> </ul>                                                                                                        |

## Range of Conditions

This section specifies work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included. Bold italicised wording, if used in the performance criteria, is detailed below.

|                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
