AURVTP103 Prepare vehicle spray painting equipment for use

Release: 1

AURVTP103 Prepare vehicle spray painting equipment for use

Modification History

Release	Comments
Release 1	This version first released with AUR Automotive Retail, Service and Repair Training Package Version 6.0

Application

This unit describes the skills and knowledge required to clean and maintain vehicle spray painting equipment. This unit involves preparing for the task, selecting and using cleaning materials and equipment, preparing spray painting equipment for vehicle refinishing activities, and completing workplace processes and documentation.

The unit applies to those working in the automotive refinishing industry.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Unit Sector

Vehicle Body Technical - Paint

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare for work	1.1 Identify job requirements from workplace instructions 1.2 Identify hazards associated with the work, assess potential risks and implement control measures in line with workplace policies and procedures 1.3 Identify tools, equipment and chemicals required for repair activity and establish serviceability according to workplace procedures
2. Set up spray painting equipment ready for use	2.1 Set up, test and maintain spray guns according to workplace and manufacturer procedures, workplace health and safety and environmental requirements 2.2 Set up paint mixing system and paint agitators and establish serviceability according to manufacturer specifications

ELEMENTS	PERFORMANCE CRITERIA
	2.3 Set up paint drying systems and inspect for correct operation according to workplace procedures 2.4 Check pressure regulators and air lines according to workplace procedures
3. Complete work processes	3.1 Conduct final inspection according to workplace procedures and confirm equipment is ready for use 3.2 Clear work area and dispose of or recycle materials according to workplace procedures 3.3 Complete documentation according to workplace procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

SKILL	DESCRIPTION
Learning	Locates required sources of information efficiently.
Reading	- Interprets workplace instructions such as job cards - Organises and interprets technical information from workplace procedures, manufacturer specifications and industry standards.
Oral communication	- Clarifies instructions and procedures - Reports quality issues and job outcomes clearly
Numeracy	Interprets air pressure gauge settings and spray booth drying time.
Planning and organising	- Plans own work requirements - Prioritises actions to achieve required outcomes - Ensures tasks are completed within workplace timeframes.
Technology	Uses specialist equipment.

Unit Mapping Information

Supersedes and is equivalent to AURVTP003 Prepare vehicle spray painting equipment for use.
