# **AVI60116 Advanced Diploma of Aviation (Chief Flight Instructor)**

**Release 1**

# **AVI60116 Advanced Diploma of Aviation (Chief Flight Instructor)**

## **Modification History**

Release 1. This is the first release of this qualification in the AVI Aviation Training Package.

## **Qualification Description**

This qualification reflects the roles of experienced flight instructors delivering training and assessment services usually within aviation Registered Training Organisations (RTOs) or flight training organisations. They may have a role in leading other flight instructors and flight examiners, and in providing mentoring or advice to new flight instructors and flight examiners, as well as designing approaches to learning and assessment strategies across a significant area within the flight training organisation.

Flight instruction duties include applying technical and non-technical aviation and vocational skills and knowledge involving a wide range of learners, operating conditions and aviation environments.

Individuals working at this level will apply knowledge and skills to demonstrate autonomy, judgement and defined responsibility in known or changing contexts within broad but established parameters.

This qualification forms some of the requirements for certification by the Civil Aviation Safety Authority (CASA) as directed by Section 28 (3) of the Civil Aviation Act 1988.

People seeking certification should check these requirements with CASA.

Use for Defence Aviation is to be in accordance with relevant Defence Orders, Instructions, Publications and Regulations.

### **Occupations may include:**

Chief Flight Instructor (CFI)

Chief Pilot (CP)

Flight Examiner (FE)

Head of Operations (HOO)

Military Senior Flight Instructor (SFI).

## **Entry Requirements**

Commercial or military pilot entrants to this qualification should check requirements with CASA or Defence Aviation for certification and/or flight hour requirements, or be able to demonstrate equivalent competence.

## Packaging Rules
