

**Australian Government**

# **AVIM0004 Conduct training for the issue of an endorsement**

**Release: 1**

# AVIM0004 Conduct training for the issue of an endorsement

## Modification History

Release 1. This is the first release of this unit of competency in the AVI Aviation Training Package.

## Application

This unit involves the skills and knowledge required to conduct training for the issue of an endorsement in compliance with relevant regulatory requirements of the Civil Aviation Safety Authority (CASA) and national operating standards.

It includes developing training and briefing plans, conducting pre- and post-flight briefings, and conducting training. It also includes assessing competence and completing post-training administration.

This unit addresses aviation non-technical skill requirements (physical, mental and task-management abilities) related to training and assessment duties of flight instructors and contributes to safe and effective performance in complex aviation operational environments.

Operations are conducted as part of recreational, commercial and military aircraft activities across a variety of operational contexts within the Australian aviation industry.

Work is performed independently or under limited supervision as a single operator or within a team environment.

Work is performed independently or under limited supervision within a single-pilot or multi-crew environment.

Licensing, legislative, regulatory or certification requirements are applicable to this unit.

## Pre-requisite Unit

AVIM0003 Conduct aeronautical knowledge training and flight training

## Competency Field

M – Training and Assessment

## Unit Sector

Not applicable

## Elements and Performance Criteria

### ELEMENTS

### PERFORMANCE CRITERIA

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

- |   |   |
|---|---|
| <b>1 Develop training and briefing plans</b>    | <p><b>1.1</b> Training plan is prepared that identifies each ground briefing and flight exercise required to achieve the standard specified to issue an endorsement or military equivalent</p> <p><b>1.2</b> Hazards are identified, risks are assessed and hazard management implemented</p> <p><b>1.3</b> Briefing plan is produced that addresses technical and human factors knowledge required to issue an endorsement or military equivalent</p> <p><b>1.4</b> Airborne training plan is prepared that identifies the sequence and duration of each flight training exercise required to achieve the standard specified to issue of an endorsement or military equivalent</p> |
| <b>2 Demonstrate professional knowledge</b>     | <p><b>2.1</b> Knowledge of competency-based training relevant to training endorsement is demonstrated</p> <p><b>2.2</b> Principles and methods of instruction are demonstrated whilst conducting endorsement training</p> <p><b>2.3</b> Aeronautical knowledge relevant to training endorsement is demonstrated</p> <p><b>2.4</b> Training plan relevant to training endorsement is prepared</p>  |
| <b>3 Conduct pre- and post-flight briefings</b> | <p><b>3.1</b> Pre-flight briefing is delivered for each flight identified in the training plan</p> <p><b>3.2</b> Pilot under training is debriefed on performance in accordance with established workplace procedures</p>   |
| <b>4 Conduct practical training</b>             | <p><b>4.1</b> Aeronautical knowledge training is delivered in accordance with prepared training plan</p> <p><b>4.2</b> Flight training sequences are conducted to required standards specified in established workplace procedures</p> <p><b>4.3</b> Situational awareness is maintained during all phases of flight and instruction</p>  |

- 4.4 Threats and errors are managed during all phases of flight and instruction
  - 4.5 Training in upset prevention and recovery is delivered applicable to the aircraft category and type
  - 4.6 Negative learning events are identified and mitigated whilst managing event occurrences
  - 4.7 Pilot under training errors are recognised, ensuring the aircraft is maintained within certified flight envelope or recognise excursion outside the valid training envelope when using synthetic training device to conduct training
- 5 Assess competence**
- 5.1 Pilot under training is assessed against competency standards specified to issue an endorsement or military equivalent
  - 5.2 Pilot under training deficiencies are identified and remedial training is planned as required
- 6 Complete post-training administration**
- 6.1 Pilot under training results are recorded in accordance with established workplace procedures
  - 6.2 Relevant staff are informed of pilot under training performance and results
  - 6.3 Administration procedures required to issue an endorsement or military equivalent are completed in accordance with established workplace procedures

## Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

## Unit Mapping Information

This unit replaces and is not equivalent to AVIM5005 Conduct training for the issue of an endorsement.
