| Release 1 | This version first released with BSB Business Services Training Package Version 1.0. |

Performance Evidence

Evidence of the ability to:

- work with others to implement a policy development process
- contribute to policy development processes
- inform others of new and changed policies
- review and amend policies as required.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain concept of community control of organisations and how it may impact organisational planning
- outline cultural context in which Aboriginal and Torres Strait Islander boards operate, including their role in upholding traditional and cultural values, and how that could impact the development and implementation of policies
- describe equity and diversity principles that might need to be applied when developing and implementing policies
- identify geographic, social, economic and political contexts in which particular organisations operate and how these may impact the development and implementation of organisational policies
- outline organisation's constitution, vision, purpose and current processes
- list provisions of relevant federal, state or territory legislation and funding body requirements relevant to the content of particular organisational policies
- outline protocols and cultural responsibilities that could impact the development and implementation of policies.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the regulation, licensing and risk – ATSI governance field of work and include access to:

- participation on an actual or simulated board
- examples of policies
- examples of relevant documents.

Assessors must satisfy NVR/AQTF assessor requirements.
