Assessment Requirements for BSBCOM501 Identify and interpret compliance requirements

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- analyse an organisation's operations to identify areas subject to compliance requirements
- interpret and analyse information from Australian and international standards, legislation, regulations, industry and organisational codes of practice to determine their relevance to the organisation
- document and store the outcomes of identification and interpretation activities related to the organisation's compliance requirements
- report on key compliance requirements and the implications of these for the organisation.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- outline elements of compliance programs and related management systems breaches
- identify relevant Australian and international standards.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the compliance field of work and include access to:

- relevant Australian and international standards, laws, regulations, industry and organisational codes and standards
- appropriate computer resources for online searching
- case studies and, where possible, real situations.

Assessors must satisfy NVR/AQTF assessor requirements.
