# Assessment Requirements for BSBDES601 Manage design realisation

## Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

## Performance Evidence

Evidence of the ability to:

- produce a design according to all brief requirements
- demonstrate highly-developed interpersonal and negotiation skills to deliver the finished product.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

## Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- outline key responsibilities of relevant personnel in this context
- describe best practices when dealing with setbacks in the production process
- explain production processes in a particular industry context or discipline including required materials, tools and equipment.

## Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the design process field of work and include access to:

- resources, tools, materials and equipment required for realising a design in a specific context
- a design concept that the candidate can take to realisation stage
- other people to reflect the collaborative nature of the work.

Assessors must satisfy NVR/AQTF assessor requirements.
