Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- document processes and procedures for implementation of an e-business solution
- develop, implement and review an e-business solution.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- briefly describe the key technology requirements for the e-business solution
- identify key provisions of relevant legislation, regulations, standards and codes of practice that may affect implementation of e-business solutions
- outline organisational policies and procedures relating to the e-business solution.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the information and communications technology – e-business field of work and include access to:

- office equipment and materials
- relevant legislation, regulations and codes of practice.
- documentation to support analysis of organisational requirements for the e-business solution.

Assessors must satisfy NVR/AQTF assessor requirements.
