# Assessment Requirements for BSBINS306 Provide multimedia support

## Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 7.0.

## Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- use at least one piece of physical multimedia equipment and two different digital multimedia programs.

In the course of the above, the candidate must:

- assist others to use multimedia equipment and programs
- correct minor operational faults
- make recommendations for upgrading multimedia equipment and programs.

## Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- common multimedia options relevant to the work context at a generalist level
- features and general operating functions of different multimedia options
- common faults and ways of rectifying these in multimedia equipment and programs used
- scope of repair and maintenance activities that can be undertaken without specialist assistance
- sources of information on multimedia equipment and programs
- conditions of current licences and equipment maintenance agreements.

## Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- multimedia equipment and programs and associated software applications.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
