Release: 1

BSBPMG414 Apply project information management and communications techniques

Modification History

| Release | Comments |
|-----------|--|
| Release 1 | This version first released with BSB Business Services Training Package Version 1.0. |

Application

This unit describes the skills and knowledge required to provide a critical link between people, ideas and information at all stages in the project life cycle. It involves assisting the project team to plan communications, communicating information related to the project, and reviewing communications.

It applies to individuals who are project practitioners working in a project support role.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Unit Sector

Management and Leadership – Project Management
