| Release 1 | This version first released with BSB Business Services Training Package Version 1.0. |

Performance Evidence

Evidence of the ability to:

- devise and implement a governance plan, with an appropriate project management structure for a project of sufficient complexity to demonstrate the full range of performance requirements
- demonstrate effective team leadership within context of project governance
- monitor and evaluate a project governance structure.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain escalation and issues management models
- describe frameworks for authority delegations
- identify and analyse organisation or industry governance models in context of the project
- describe project governance plans
- explain methods to moderate and solve conflicts in context of project management.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the Management and Leadership – Project Management field of work and include access to:

- examples of project governance documentation
- records of governance implementation in stakeholder and team activities.

Assessors must satisfy NVR/AQTF assessor requirements.
