Release: 1

Assessment Requirements for BSBPMG803 Manage and review portfolio performance

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- identify how the portfolio can be continuously improved
- apply types of qualitative and quantitative data and other metrics that can be used to determine project performance
- determine and map cross project/program dependencies
- respond effectively to signs and symptoms of project/program failure and underperformance.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain the portfolio review matrix
- explain the cross project/program dependency map
- describe the use of the portfolio review document
- explain the project/program performance report or audit
- explain use of the portfolio delivery map.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the management and leadership – project management field of work and include:

- access to workplace documentation
- feedback from stakeholders, which reflects on how portfolio performance was reviewed.

Assessors must satisfy NVR/AQTF assessor requirements.
