**Release: 2**

# Assessment Requirements for BSBSMB410 Review and implement energy efficiency in business operations

## Modification History

Release	Comments
Release 2	This version released with BSB Business Services Training Package Version 2.0. Version created to clarify intent of unit
Release 1	This version first released with BSB Business Services Training Package Training Package Version 1.0.

## Performance Evidence

Evidence of the ability to:

- measure energy use, using at least two different tools or technologies
- propose improvements and document a plan for energy efficiency based on analysis of data and information
- use outcomes from a cost-benefit analysis to prioritise energy efficiency improvements
- implement energy efficiency plan and make improvements
- monitor and review improvements.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

## Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain key energy efficiency terms and concepts
- outline amount and type of energy used in the business
- identify at least three different tools or technologies to monitor and measure energy use suitable for small business
- summarise sources of information about energy efficiency and options specific to the business
- describe key components of an implementation plan or business case for energy efficiency.

## Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the Management and Leadership – Small and Micro Business field of work and include access to:

- business equipment and resources
- relevant legislation, regulations, standards and codes
- relevant workplace documentation and resources
- case studies or where possible, real situations.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
