Assessment Requirements for BSBSUS411 Implement and monitor environmentally sustainable work practices

Release: 1

Assessment Requirements for BSBSUS411 Implement and monitor environmentally sustainable work practices

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 7.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- implement and monitor at least three environmentally sustainable work practices.

In the course of the above, the candidate must:

- identify current procedures, practices and compliance requirements in relation to environmental and resource sustainability in the workplace
- engage and consult with relevant stakeholders to develop and implement sustainability improvements, encourage feedback and to report on outcomes
- plan and organise work group activities to:
 - measure current resource usage
 - evaluate alternative solutions to workplace environmental issues
 - resolve workplace sustainability issues and generate ideas for improvements
 - evaluate and implement strategies to improve resource usage
 - comply with environmental requirements
- apply continuous improvement approaches to enhance organisation's sustainability performance
- apply change management techniques to support sustainability performance.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- compliance requirements for the work area with reference to legislation, regulations, codes of practice and workplace procedures that relate to environmental and sustainability issues
- relevant internal and external sources of information for the development of efficiency targets
- benchmarks for environmental and resource sustainability relevant to organisation

- Australian and international standards for corporate social sustainability
- continuous improvement approaches for workplace practices
- resources for monitoring sustainable work practices including:
 - questionnaires and surveys
 - visual calculations
 - supply records and invoices
 - previous internal and external audit documents
- organisational systems and procedures that relate to environmental and resource sustainability improvements, including:
 - supply chain, procurement and costing strategies
 - quality assurance
 - recommendation development and seeking approvals
 - sales strategies and operations.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- environmental sustainability legislation, regulations, standards and codes
- workplace reference materials for environmental sustainability and practices.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
