| Release 1| New release of this Qualification released with version 6 of BSB07 Business Services Training Package.  
           | Revised unit. Required skills updated to focus on learning and development practices and compliance with policy and procedures. |

Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to develop strategies to manage organisational systems that ensure products and services are delivered and maintained to standards agreed by the organisation. Operators may have staff involved in delivering customer service and are responsible for the quality of their work. In many instances the work will occur within the organisation’s policies and procedures framework. At this level, the exercise of considerable discretion and judgement, using a range of problem solving and decision making strategies, will be required.

Application of the Unit

Many managers are involved in ensuring that products and services are delivered and maintained to standards agreed by the organisation.

Licensing/Regulatory Information

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of endorsement.

Pre-Requisites

Not applicable.

Employability Skills Information

This unit contains employability skills.
### Elements and Performance Criteria Pre-Content

<table>
<thead>
<tr>
<th>Element</th>
<th>Performance Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>Elements describe the essential outcomes of a unit of competency.</td>
<td>Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the required skills and knowledge section and the range statement. Assessment of performance is to be consistent with the evidence guide.</td>
</tr>
</tbody>
</table>

### Elements and Performance Criteria

| 1. Plan to meet internal and external customer requirements | 1.1 Investigate, identify, assess, and include the needs of customers in planning processes  
1.2 Ensure plans achieve the quality, time and cost specifications agreed with customers |
|------------------------------------------------------------|------------------------------------------------------------------------------------------------|
| 2. Ensure delivery of quality products and services         | 2.1 Deliver products and services to customer specifications within organisation’s business plan  
2.2 Monitor team performance to consistently meet the organisation’s quality and delivery standards  
2.3 Assist colleagues to overcome difficulty in meeting customer service standards |
| 3. Monitor, adjust and review customer service              | 3.1 Develop and use strategies to monitor progress in achieving product and/or service targets and standards  
3.2 Develop and use strategies to obtain customer feedback to improve the provision of products and services  
3.3. Develop, procure and use resources effectively to provide quality products and services to customers  
3.4 Make decisions to overcome problems and to adapt customer services, products and service delivery in consultation with appropriate individuals and groups  
3.5 Manage records, reports and recommendations within the organisation’s systems and processes |

<tbody>
<tr>
<td></td>
<td>• access to appropriate documentation and resources normally used in the workplace.</td>
</tr>
</tbody>
</table>

| Method of assessment                            | A range of assessment methods should be used to assess practical skills and knowledge. The following     |
|                                                 | examples are appropriate for this unit:                                                              |
|                                                 | • assessment of written reports                                                                      |
|                                                 | • demonstration of techniques                                                                        |
|                                                 | • direct questioning combined with review of portfolios of evidence and third party workplace reports  |
|                                                 | • observation of performance in role plays                                                           |
|                                                 | • evaluation of leadership, supervision, coaching and mentoring used to assist colleagues to overcome  |
|                                                 | • review of strategies developed and used to monitor progress in achieving product and/or service      |
|                                                 | • review of records, reports and recommendations about managing customer service.                     |

| Guidance information for assessment             | Holistic assessment with other units relevant to the industry sector, workplace and job role is        |
|                                                 | recommended.                                                                                         |
Range Statement

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that may affect performance. Bold italicised wording, if used in the performance criteria, is detailed below. Essential operating conditions that may be present with training and assessment (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) may also be included.

| **Customers may be:** | • Board members  
| | • clients, purchasers of services  
| | • co-workers, peers and fellow frontline managers  
| | • members of the general public who make contact with the organisation, such as prospective purchasers of services  
| | • potential funding bodies  
| | • supervisors  
| | • suppliers of goods and services and contractors providing goods and services.  
| **Quality may refer to:** | • characteristics of a product, system, service or process that meet the requirements of customers and interested parties.  
| **Products and services may include:** | • either products or services  
| | • goods  
| | • ideas  
| | • infrastructure  
| | • private or public sets of benefits.  
| **Strategies may refer to:** | • databases and other controls to record and compare data over time  
| | • electronic feedback mechanisms using intranet, internet and email  
| | • feedback forms and other devices to enable communication from customers  
| | • long-term or short-term plans for monitoring achievement and evaluating effectiveness  
| | • policies and procedures  
| | • questionnaires, survey and interviews  
| | • training and development activities.  
| **Resources may include:** | • buildings/facilities  
| | • equipment  
| | • finance  
| | • information  
| | • people  
| | • power/energy
