#### **Evidence Guide**

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment	
Critical aspects for assessment and evidence required to demonstrate competency in this unit  Context of and specific resources	Evidence of the following is essential:              adjusting language and behaviour as required by interactions with diversity             awareness of diversity issues             knowledge of relevant legislation.  Assessment must ensure:
for assessment	<ul> <li>access to an actual workplace or simulated environment</li> <li>examples of diversity issues in the workplace</li> <li>examples of documents relating to diversity policies and procedures.</li> </ul>
Method of assessment	A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:  • analysis of responses to case studies and scenarios • direct questioning combined with review of portfolios of evidence and third party workplace reports of on-the-job performance by the candidate • oral or written questioning to assess knowledge of sourcing support about workplace diversity • review of documentation outlining the knowledge, skills and experience of others in relation to team
Guidance information for assessment	objectives.  Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:  • workplace effectiveness units.
