# Evidence Guide

## EVIDENCE GUIDE

The Evidence Guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

### Overview of assessment

#### Critical aspects for assessment and evidence required to demonstrate competency in this unit

Evidence of the following is essential:
- organising and completing own work activities
- seeking and acting on feedback from clients, colleagues and supervisors
- using available business technology appropriate to the task, under direct instruction

#### Context of and specific resources for assessment

Assessment must ensure:
- access to an actual workplace or simulated environment
- access to office equipment and resources
- examples of work plans, policies and procedures.

### Method of assessment

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:
- direct questioning combined with review of portfolios of evidence and third party workplace reports of on-the-job performance by the candidate
- analysis of responses to case studies and scenarios
- demonstration of techniques
- review of documentation planning and prioritising workload
- evaluation of time line required to complete tasks
- review of documentation planning opportunities for improvement.

### Guidance information for assessment

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:
- administration units.
