Assessment Conditions

Skills must have been demonstrated in a relevant workplace with the addition of simulations and scenarios where the full range of contexts and situations have not been provided in the workplace. Where simulation is used it must reflect real working conditions and contingencies by modeling industry operating conditions and contingencies, as well as using suitable facilities, equipment and resources, including:

- individualised plans and any relevant equipment outlined in the plan
- modelling of industry operating conditions including real interactions with the person and their carers

Overall, assessment must involve some real interactions with the person and their families/carers.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
