Application

This unit describes the performance outcomes, skills and knowledge required to develop relationships with babies and toddlers and their families and attend to the specific physical and emotional needs of babies and toddlers from birth to 23 months. It requires the ability to follow individualised care routines for sleep, feeding and toileting.

This unit applies to educators who work according to established policies and procedures and under the guidance of others in regulated children's education and care services in Australia.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
