Significant changes to elements and performance criteria.  
New evidence requirements for assessment, including volume and frequency requirements. |
Application

This unit describes skills and knowledge required for teacher assistants to contribute effectively to the health and safety of students. The education support worker implements workplace health and safety instructions and procedures within his or her scope of responsibility and according to direction.

This unit applies to education support work in a variety of contexts and the work is to be undertaken with appropriate guidance, support and supervision by a nominated teacher or other education professional.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

Elements and Performance Criteria

Foundation Skills

The Foundation Skills describe those required skills (language, literacy, numeracy and employment skills) that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Specifies different work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included. Range is restricted to essential operating conditions and any other variables essential to the work environment.

Relevant procedures, guidelines, protocols, policies will address:

- duty of care, supervision, workers compensation
- education system’s (government and non-government) policies and procedures
- relevant legislation from all levels of government that affects the school/centre’s operation, especially in regard to workplace safety and environmental issues, equal opportunity, industrial relations and anti-discrimination
- school or centre policies and procedures

Unit Mapping Information

No equivalent unit.
