Assessment Requirements for CHCLLN003 Support adult numeracy learning

Release: 1

Assessment Requirements for CHCLLN003 Support adult numeracy learning

Modification History

Release	Comments
Release 1	<p>This version was released in <i>CHC Community Services Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Significant changes to the elements and performance criteria. New evidence requirements for assessment, including volume and frequency.</p>

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- supported the development of numeracy skills for at least 3 different adult learners
- used the following communication and learning strategies:
 - used active listening and questioning
 - scaffolding of learning
 - assisting learners to problem solve

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- roles and responsibilities of those providing numeracy support and of their supervisors
- key concepts of the Australian Core Skills Framework (ACSF), including:
 - the five core skills
 - spiky profiles: varying levels of performance in each core skill
 - factors that may influence performance
- mathematical concepts, operations and terminology relevant to learner needs and context
- factors that inhibit numeracy skills development
- requirements of the support program, including administrative and confidentiality requirements

- basic communication and learning strategies, including techniques that:
 - encourage critical thinking about mathematics and its use as a learning tool
 - scaffold learning and assist learners to problem solve
- tools to evaluate learning outcomes, including the ACSF

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including established numeracy support programs and resources
- modelling of industry operating conditions, including:
 - provision of services to adults needing numeracy support
 - interaction with supervisor

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
