Skill Set Requirements

Units

CHCOHC402A Support clients and groups to learn practical aspects of oral health care

CHCOHC406B Provide or assist with oral hygiene care

CHCICS301B Provide support to meet personal care needs

CHCWHS312A Follow safety procedures for direct care work

Target Group

Target group

This skill set has been endorsed by industry as appropriate for people who hold a qualification at Certificate III level or higher in an area involving provision of direct client support or who have commensurate industry skills as evaluated through recognition of prior learning processes.

It provides a set of skills for providing clients with information about basic oral hygiene and care and assisting in the implementation of associated oral health care practices.

Application of this skill set is intended to support clients to maintain an appropriate level of oral health care as identified by a relevant oral health practitioner and to identify oral health issues for referral to an appropriate oral health practitioner.

Suggested words for Statement of Attainment

Required form of words for Statement of Attainment	This skill set meets industry requirements as specified in the CHC08 Community Services Training Package or HLT07 Health Training Package for work in providing oral health support as part of a role in providing direct client support
