CPC80215 Graduate Diploma of Building Surveying

Release 1

CPC80215 Graduate Diploma of Building Surveying

Modification History

Release 1.

This version first released with CPC Construction, Plumbing and Services Training Package Version 1.

Qualification Description

This qualification reflects the role of senior building surveyors and principals of private building surveying practices who:

- manage building surveying processes and teams
- advise on a range of compliance requirements for residential, commercial and industrial building projects
- work with a range of specialist consultants to develop workable solutions to identified areas of non-compliance in building developments.

Senior building surveyors and principals work in a highly regulated environment and must carry out their tasks ethically and according to legislative and regulatory requirements.

Licensing, legislative, regulatory or certification requirements apply to building surveying in some States. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 8 units of competency:
 - 6 core units
 - 2 elective units.

The elective units must ensure the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome and are to be chosen as follows:

- both units may be chosen from the elective units listed below
- up to 1 unit may be chosen from other Graduate Diploma qualifications in CPC or another current Training Package or accredited course, provided they do not duplicate the outcome of another unit chosen for the qualification.

Core units

CPCCBS8001	Manage building surveying risks and ensure compliance with ethical and professional standards
CPCCBS8004	Advise on compliance of building design documentation
CPCCBS8006	Manage building approval processes for all building types
CPCCBS8007	Monitor building work and advise on compliance issues
CPCCBS8008	Conduct and manage the completion of building inspections and audits
CPCCBS8011	Assess and advise on performance-based solutions for all types of buildings

Elective units

CPCCBS8002	Manage information on construction methods, materials and services for a building surveying team
CPCCBS8003	Manage information on compliance requirements for a building surveying team
CPCCBS8005	Manage planning approval processes for all building types
CPCCBS8009	Lead a building surveying team
CPCCBS8010	Liaise and coordinate with head contractors on building projects

Qualification Mapping Information

No equivalent qualification.
