CPCBC5007 Administer the legal obligations of a building and construction contractor

Release: 1

CPCBC5007 Administer the legal obligations of a building and construction contractor

Modification History

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes and is equivalent to CPCBC5007B Administer the legal obligations of a building or construction contractor. Updated to meet the Standards for Training Packages 2012.

Application

This unit of competency specifies the skills and knowledge required to administer the legal obligations of a building and construction contractor, as either party to a contract. It includes maintaining legal obligations, licensing and registration, and managing systems for ensuring compliance with legislation.

It applies to National Construction Code (NCC) classifications:

- Residential - Class 1 and 10 buildings, maximum three storeys
- Commercial - Class 2 to 9, Type B and C.

This unit of competency applies to builders, senior managers within building and construction organisations and other construction industry personnel responsible for administering and ensuring contractor obligations and responsibilities are fulfilled for building and construction projects.

Completion of the general construction induction training program specified by the model Code of Practice for Construction Work is required for any person who is to carry out construction work. Achievement of CPCWHS1001 *Prepare to work safely in the construction industry* meets this requirement.

Licensing, regulatory or registration requirements apply to this unit of competency in some jurisdictions. Relevant state and territory regulatory authorities should be consulted to confirm these requirements.

Pre-requisite Unit

Nil.

Unit Sector

Building and Construction

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe what needs to be done to demonstrate achievement of the element.

- | | |
|---|--|
| 1 Establish legal requirements of the business. | 1.1 Secure business registration of the organisation in accordance with owner/operator preferences and legal requirements. |
| | 1.2 Seek approval of licensing and registration as a contractor/supervisor from the appropriate government agency. |
| | 1.3 Investigate and meet legal responsibilities of operating a construction business. |
| | 1.4 Complete, submit and maintain accurate and secure legal documents and records. |
| 2 Engage personnel for the project. | 2.1 Identify and interpret relevant industrial awards for the hiring of staff or labour. |
| | 2.2 Determine contracts of employment on a case-by-case basis and implement the principles and legalities of workplace agreements. |
| | 2.3 Apply equal opportunity principles in all aspects of recruitment and selection of staff and other personnel. |
| | 2.4 Follow procedures for employment termination and redundancy. |
| | 2.5 Establish, document and implement dispute resolution processes as necessary. |
| | 2.6 Identify and implement workers compensation policies. |
| 3 Meet work health and safety (WHS) requirements. | 3.1 Comply with WHS legislation. |
| | 3.2 Investigate and apply for necessary approvals or permits from WHS authority prior to work commencing. |
| | 3.3 Inform workers of their rights and responsibilities and ensure a safe workplace that complies with legislative requirements. |

- 3.4 Adhere to regulations relating to noise abatement and working hours.
 - 3.5 Inform workers of personal and organisational obligations and ensure that workers have been inducted.
 - 3.6 Facilitate and implement rehabilitation arrangements for employees returning from injury or illness.
 - 3.7 Assist workers returning to work after injury or illness to regain full employment status as soon as practicable.
- 4 Administer business obligations.
- 4.1 Collect, record and make taxation and Goods and Services Tax (GST) payments in compliance with Australian Taxation Office (ATO) requirements.
 - 4.2 Calculate and contribute individual worker's superannuation entitlements.
 - 4.3 Evaluate and attain adequate personnel, property and project work insurance policies.
 - 4.4 Implement and maintain consumer fair trading practices ethically, effectively and efficiently.
- 5 Comply with environmental requirements.
- 5.1 Introduce and use renewable materials as a primary aim, wherever possible, over non-renewable materials.
 - 5.2 Minimise use of high energy materials and introduce low energy materials where practical.
 - 5.3 Implement processes to ensure compliance with environmental protection and sustainability requirements.

Foundation Skills

As well as the foundation skills explicit in the performance criteria of this unit, candidates require:

- writing skills to:
 - complete legal documents and records
- communication skills to:

- liaise verbally and in writing with government agencies
- provide information to employees and other stakeholders
- technology skills to:
 - use communication tools and devices to communicate and collaborate effectively with others
 - use equipment and programs to access, extract information and develop relevant documentation.

Unit Mapping Information

Supersedes and is equivalent to CPCBC5007B Administer the legal obligations of a building or construction contractor.
